

SUMMER READING PROGRAM

AUGUST 2019

For the month of August, use this form to track how many minutes your child spends reading each day. Reading aloud to them counts, too! Use one form per child.

We've set the monthly goal for 600 minutes. That's just 20 minutes a day!

Record the total minutes read each day on the calendar squares. At the end of the week, bring the form to either Creamery location and we'll initial it when you redeem your special weekly reward: one free kid scoop with an adult purchase!

Anyone who receives all stamps in August (one per week) will earn a free kids' sundae!
